Selectmen's Letter

Dear Friends:

We have just finished a most productive year for the Town of Groton. The Transfer Station and North Groton Road projects were completed with the use of the new backhoe resulting in a significant savings to the Town. Additionally, the backhoe was used to assist Provan and Lorber dig the temporary test wells for the Dump Site Closure. The only work contracted out in 1995 was bringing in winter sand in conjunction with our own Town truck and hot top when repairing the culverts on North Groton Road. We wish to thank the taxpayers of the Town of Groton for making it possible to purchase this useful piece of equipment, thereby allowing the Highway Department to function efficiently and independent of outside contractors.

The roof was replaced on the Town Office Buildings and most of the work was completed inside the building. However, the roof of the Town House was not replaced due to unforeseen circumstances. This year we have identified the work that needs to be done to save our Town House and the opportunity to make a decision about whether it would be best to repair it or replace it. This is of particular interest in 1996, the year of our Bicentennial.

As you know, the tax rate did increase but not as much as anticipated after the sharp rise in the amount appropriated at the last Town Meeting. This was due to an increase in revenues as well as a decrease in the School District portion of the tax rate. The current equalized ratio is 140 percent which means our land and property is valued at 40 percent higher than the fair market value determined by Groton sales. It is of the utmost importance to consider a total revaluation of property at this time and Article 9 is presented for your consideration.

It is the desire of this Board to give the voters the opportunity to choose which projects they wish to support and exactly what we will accomplish in 1996. To this end, we have included Warrant Articles representing the areas we have identified as worthy of your attention. We will continue to work as a dedicated team in the best interests of the Town of Groton.

Respectfully submitted,

TOWN OF GROTON, Board of Selectmen

Robert L. Desrosiers, Sr., Chairman
James J. Albert
Stephen A. Pilcher

STATE OF NEW HAMPSHIRE
WARRANT FOR 1996 ANNUAL MEETING OF THE
TOWN OF GROTON

To the inhabitants of the Town of Groton in the county of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the North Groton Town House in said Groton on Tuesday, the 12th day of March, next, polls to be open at eleven o'clock in the morning until seven o'clock in the evening for voting on Article 1, and meeting for action on the remaining articles in the Warrant at six o'clock in the evening.

ARTICLE 1: To choose all necessary Town Officers for the year ensuing.

ARTICLE 2: To see if the Town will vote to raise and appropriate the sum of \$268,000.00 for the construction of a new Town House next to the historic Town House on property owned by the Town known as Map 7, Lot 11A, and to authorize the issuance of not more than \$218,000.00 of bonds or notes in accordance with provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine rate of interest thereon. The balance of \$50,000.00 is to be raised by general taxation. The Selectmen recommend this appropriation. (2/3 ballot required).

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of \$219,243.00, which represents the operating budget for the ensuing year. This sum does not include the special warrant articles.

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the completion of the work for instituting 911. The Selectmen recommend this appropriation.

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for the purpose of equipping the Transfer Station for recycling. The Selectmen recommend this appropriation.

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of \$4,000.00 for the perambulation of the Groton/Plymouth Town line as per RSA 51:2. State law requires this be done every seven (7) years.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of \$5,570.00 for the purchase of a computer, printer and software, \$1,000.00 to be transferred from 1995 donations for the purchase of a computer that have been deposited in the General Fund surplus, and the remainder to be raised by taxation. The Selectmen recommend this appropriation.

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of \$3,400.00 for the purchase of a riding lawnmower. The Selectmen recommend this appropriation.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of \$36,000.00 for the total revaluation of property. The Selectmen recommend this appropriation.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of \$6,500.00 for a new furnace to heat the Town Office Buildings. The Selectmen recommend this appropriation.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of \$120,000.00 for the repair of the Town House. The Selectmen recommend this appropriation.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of \$22,000.00 for the expenses related to the construction of a Highway Department Shed. The Selectmen recommend this appropriation.

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for installation of a dry hydrant next to Town Office Buildings. The Selectmen recommend this appropriation.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the repairs necessary to the Rolfe Hill Cemetery. The Selectmen recommend this appropriation.

ARTICLE 15: To see if the Town will vote to enter into an agreement with the Town of Hebron to provide ambulance coverage for the Town of Groton beginning January 1, 1997. The Selectmen recommend this article.

ARTICLE 16: To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the Highway Truck Capital Reserve Fund. The Selectmen recommend this appropriation.

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the Dump Site Closure Capital Reserve Fund. The Selectmen recommend this appropriation.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the Cruiser Capital Reserve Fund. The Selectmen recommend this appropriation.

ARTICLE 19: To see if the Town will vote to authorize the Selectmen to issue an ordinance for the establishment of a street numbering system for the Town of Groton. The Selectmen recommend this article.

ARTICLE 20: To see if the Town will vote to establish a Conservation Commission under the provisions of RSA 36-A for the promotion and development of the natural resources of the municipality and to raise and appropriate the sum of \$500 for this purpose. The Selectmen recommend this appropriation.

ARTICLE 21: To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the Groton Bicentennial celebration. The Selectmen recommend this appropriation.

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of \$12,000.00 for a medical insurance program for Town employees. The Selectmen recommend this appropriation.

ARTICLE 23: To see if the Town will vote to raise and appropriate the sum of \$35,000.00 for the repair and preparation of North Groton Road for shimming. The Selectmen recommend this appropriation.

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of \$19,000.00 for expenses related to Step 2 of the Dump Site Closure and further to authorize the withdrawal of \$19,000.00 from the Dump Site Closure Capital Reserve Fund. The Selectmen recommend this appropriation.

ARTICLE 25: To see if the Town will vote to raise and appropriate the sum of \$1,200.00 for a fire proof file cabinet for the Town Clerk and Tax Collector. The Selectmen recommend this appropriation.

ARTICLE 26: To see if the Town will vote to change the term of the Treasurer from one year to three years pursuant to RSA 41:26-a beginning with the next election in March of 1997.

ARTICLE 27: To see if the Town will vote to change the elected position of Road Agent to a two-year appointed position pursuant to RSA 231:62 beginning immediately after Town Meeting in March of 1997.

ARTICLE 28: To see if the Town will vote to permit the Selectmen to accept on behalf of the Town a certain parcel of real property known as Map 5, Lot 48, from the Hebron-Groton Athletic Association. The Selectmen recommend this article.

ARTICLE 29: To see if the Town will vote to authorize the Town to enter into a municipal cooperative agreement under RSA 53-A with the Town of Hebron to jointly administer recreational activities for the benefit of both Towns. The Selectmen recommend this article.

ARTICLE 30: (By Petition) To see if the Town will vote to put all Town Summer and Winter Highway Maintenance out to private contract, by bid, and sell all existing Town Highway Equipment. The Selectmen do not recommend this article.

ARTICLE 31: (By Petition) To see if the Town will vote to elect a Town Assistant Administrator for a 1 year term starting with Town Meeting 1997. The Selectmen do not recommend this article.

ARTICLE 32: (By Petition) To see if the Town will vote to abolish the Police Department, sell all equipment, and reduce funding to zero. The Selectmen do not recommend this article.

ARTICLE 33: To see if the Town will vote to change the name of the Highway Truck Capital Reserve Fund to the Highway Equipment Capital Reserve Fund. The Selectmen recommend this article.

ARTICLE 34: To see if the Town will vote to change the purpose of the Highway Equipment Capital Reserve Fund from the purchase of the highway truck to any necessary Highway Department equipment. The Selectmen recommend this article.

ARTICLE 35: To see if the Town will vote to change the name of the Cruiser Capital Reserve Fund to the Cruiser/Police Equipment Capital Reserve Fund. The Selectmen recommend this article.

ARTICLE 36: To see if the Town will vote to change the purpose of the Cruiser/Police Equipment Capital Reserve Fund from the purchase of the cruiser to any necessary Police Department equipment. The Selectmen recommend this article.

ARTICLE 37: To see if the Town will vote to authorize the Selectmen to issue an ordinance defining and regulating conflicts of interest for Town officials and employees, that are elected or appointed, in accordance with RSA 31:39a.

ARTICLE 38: To see if the Town will vote to ratify all the votes and actions taken at the last Town Meeting on March 14, 1995. The Selectmen recommend this article.

ARTICLE 39: To see if the Town will vote to transact any other business that may legally come before the Town.

Groton Free Public Library Report 1995

The Library did fine this past year thanks to Mae Blake's effort and dedication. We all wish her well with a speedy recovery, and we hope that she will be back in the spring. The Library bought a number of new children's books. There are eight (8) new magazines each month and the large-print Readers' Digest available. The phone number is 744-3668.

Assessor's Report 1995

The year 1995 saw a continuation of the decline in new construction, which is reflective of the New Hampshire economy since 1991. Land values have also shown a steady decline since the 1991 Groton revaluation. More land is being marketed and, because supply outstrips demand, the selling price per acre has been steadily declining. In Groton, nearly 18,000 acres of a total of about 25,000 acres is in Current Use, which considerably lessens the property tax impact for these owners. Of the land in Current Use, some 14,000 acres, or about 78 percent, is in a hardwood category, at a base price of \$23 per acre. The difference between \$23 per acre (Current use) and \$350 per acre (Ad Valorem) is so great that many tax dollars are lost. Current Use should be revaluated using Department of Revenue Administration value ranges for 1996. Additionally, the Selectmen should send out new A-10 forms which will allow Groton to determine if a Forest Management Plan has been filed and if proper stewardship techniques are being followed. A complete inventory of Groton's forested area, performed by a qualified forester, will allow us a better means of verifying the accuracy of Current Use categories, intent to cut forms and yield taxes. I recommend that a Current Use update be part of a complete revaluation of Groton's taxable and non-taxable properties.

Since 1991, the average Groton homeowner has seen a decline in value of land and buildings. Groton's present equalized tax ratio of 140 percent means that the same homestead which sold for \$70,000 in 1990-1991 is now selling for around \$50,000. Even though all land and buildings in Groton are assessed equitably at this 140 percent of market value as of April 1, 1995, the relationship between one's assessment and market value should be close to 100 percent. Utility properties were revaluated by George Sansoucy in 1993 and the base valuation of \$12.7 million certainly has added to Groton's total assessed valuation without creating a great impact on town services.

For 1996, Groton should have a total revaluation of its properties in order to bring assessed values back to 100 percent. Selling prices of residential homes and land have basically leveled off, and therefore this year would be a good year to reassess properties. With the advent of the statewide 911 system in Groton, new property addresses will be reflected on the assessment record cards and the tax blotter. The acquisition of a computer system and software will allow the property owner to obtain a computerized printout of his/her property which will show replacement cost, building components, depreciation, land size and other pertinent information. Once the system is on-line, the need for future revaluations is virtually eliminated. Every year, each sale in Groton will be analyzed in order to develop our own equalized ratio for different classes of property such as land, standard dwellings, cottages and manufactured homes. The computer then adjusts all properties in Groton each and every year so that

the new result is an equalized valuation within five (5) percent of 100 percent. The annual cost for this service will be approximately \$1,500. Therefore, over a 20-year period, \$30,000 is the cost to basically keep all properties at very close to 100 percent. Not only does the Town avoid future costly revaluations but tax appeals are kept to an absolute minimum. Four revaluations at an average cost of \$35,000 during this 20-year period would result in a cost of \$140,000. Therefore, the Town would realize a savings of \$110,000 through computerization of its assessing records.

For 1996, I recommend that the Town invest in a computerized revaluation of its properties along with the Current Use properties, which will also be computerized. As part of this process, the Administrative Assistant and Assessor will be trained both in the field and with the computer so that control and continuity of property valuation rests with the Town and not with the State or private enterprise.

Respectfully submitted,

Ralph J. Cutting
Groton Assessor

Police Department Report 1995

The Officers and myself wish to take this opportunity to thank the residents and taxpayers for their generosity again this past year.

The new cruiser, which has been in service since May of 1994, has served the department well. The gasoline costs and the maintenance costs have been reduced for the department due to the new cruiser. The technology and safety features of the new vehicle have really allowed us to perform our duties more efficiently as the activity continues to rise each year.

The department continues to receive letters and comments as to the professionalism and integrity of your police department and its duties within the Town of Groton. These comments are received not only by residents and taxpayers, but also by other law enforcement agencies and the general public.

This department experienced a major increase in activity this past year, with a more than three hundred (300) percent increase in arrests and a fifty (50) percent increase in calls answered and logged.

Due to the efforts of Corporal Harding and Chief Ricciotti, we were able to acquire additional materials and supplies through the government programs again this year to help defer costs to the Town. This, in return, allowed for budgeted monies for the department to go further in providing services to the Town's people.

I would like to take this time to thank Corporal Harding and Patrolman Ricciotti for their continued support and unending dedication to this department and to the people of the Town of Groton. I would also like to thank them for their more than two hundred (200) hours of time donated to the Town for betterment of the Police Department. The loan of personal equipment to the department at no cost to the Town was also greatly appreciated.

Thank you all again from the members of the Groton Police Department.

Respectfully submitted,

Chief Anthony Ricciotti

Highway Department Report, 1995

The Groton Highway Department accomplished a great deal in 1995. The use of the new backhoe significantly increased the amount of work completed and improved the time-frame in which the projects were done.

The North Groton Road project was completed in accordance with the specifications made by the Board of Selectmen. This work included the replacement of sixteen (16) culverts and installation of headers for each, the clearing of numerous trees from the road sides, reshaping the slopes and regrading the sides of the road. The first mile of North Groton Road was shimmed. In 1996, if desired by the Town's people, another section of North Groton Road will be repaired and shimmed.

Heavy rains caused flood damage to the roads this past fall and a Flood Disaster was declared by the Federal government. Funds have been made available through the Federal Emergency Management Agency (FEMA) to cover the cost of these repairs and application has been made to complete the repair of damages in the spring after the snow melts. To date the Town of Groton has received \$3,993 as reimbursement for repairs completed and will recover additional funds after completion of the work that was identified on inspection with the FEMA representative.

Vehicle maintenance has been a priority this past year, particularly after the numerous repair problems experienced at the beginning of the year. At this point in time, all Highway Department vehicles are maintained on a regular basis with the emphasis on preventative maintenance. The vehicles are inspected prior to predicted storms, virtually eliminating breakdowns this winter.

This has been an enjoyable year for Peter Newton and I, and we have learned a great deal from the experience. Working as a team, we have been able to perform most of the work necessary to keep our roads maintained. Thank you for your patience with the North Groton Road project. We appreciate your comments and suggestions about maintaining the roads.

Respectfully submitted,

David Leone, Road Agent
